LVL® aftercare *advice*

- **Do not** get lashes wet for the first 24 hours
- **Avoid** steam, saunas and swimming for the first 48 hours
- **Avoid** touching, rubbing or introducing foreign bodies or contaminants into the treatment area
- **Ensure** lashes are not disturbed or manipulated into different positions (e.g. when sleeping, cleansing the face, applying moisturiser or cosmetics)
- **Do not** perm lashes or use lash curlers
- **Avoid** strong sunlight or UV light (if tinted)

To achieve the maximum results from your Nouveau Lashes treatment, **it is essential that you follow the relevant aftercare advice**. Failure to do so could lead to an adverse reaction (e.g. irritation, swelling, lash damage etc). If redness or irritation does occur, apply a damp cotton wool compress. If symptoms persist, consult a GP.
