

# YOUR EXCLUSIVE STEP-BY-STEP GUIDE

## 1. PATCH TEST:

48 hours prior

- Apply a dot of Hybrid Dye mixed with Hybrid Dye Developer to forearm and cover. This should be a minimum of 48 hours ahead of appointment to ensure no allergy is present.

## 2. CONSULTATION:

Prior to treatment

- Perform a thorough consultation, to establish what finish your client desires.

## 3. PREPARATION:

Essential to remove oils and prepare the skin for a long-lasting skin stain

- Apply a Tidy Towel to client's clothes.
- Wipe Squeaky Clean Make Up Remover through and around the brows.
- Apply the Foaming Brow Shampoo in circular motions using the Brow Cleansing Brush.
- Remove excess thoroughly with damp cotton wool.
- Scrub through with a spoolie brush to exfoliate.
- Apply Saline Solution on cotton pads and wipe firmly through and around the brow ensuring no product, oils or debris remains.

## 4. DESIGNING & MAPPING:

Detailed design is essential to get the best results

- Create your shape with thread and mark the points with the Pro Pencil before etching in the shape.

## 5. HYBRID DYE APPLICATION:

3 thin layers for deeper penetration and extended results

- Shake Hybrid Dye well before use.
- Add a 2:1 ratio. 2 Hybrid Dye : 1 3% Developer in a mixing pot & mix thoroughly.
- Apply the Hybrid Dye in a thin layer, working evenly on both brows allowing the layer to set.
- Once set, repeat this process another two times, applying 3 layers in total.
- After all layers are applied, set your timer for 10 minutes.
- Remove the Hybrid Dye from the bulb after 5 minutes to give a softer ombre result.

## 6. HAIR REMOVAL:

Can be completed whilst Hybrid Dye is developing

- Apply a barrier for waxing.
- Use your experience and preferred hair removal techniques to shape the brow.

## 7. REMOVAL:

10-minute development time completed

- Remove the Hybrid Dye thoroughly with damp cotton pads.
- Apply Comfort Me After Wax Lotion with a Dye Me Quick Stick to waxed are only to remove any residue. Take extra care not to touch the freshly tinted hair and skin.

## 8. TAILORING & FINISHING:

Due to skin stain, minimal or no make-up will be needed

- Finish the brows with Brow Highlighter, adding Pro Pencil strokes for texture if required.

## 9. AFTERCARE:

- Advise clients of the appropriate aftercare and recommended homecare regime.
